School Development Planning Priorities

Academic Year 2024-2025

PRIORITIES FOR 2024/2025	
Priority 1	Continue to develop and embed the changes and improvements from the 2023/24 Academic Year
Priority 2	Improve the school's attainment in writing so that a higher proportion of children in year 2, including disadvantaged children, leave the school at or above national expectations.
Priority 3	Develop the school's approach to language and vocabulary so that all children, including disadvantaged children, have the cultural capital and rich language to succeed in their schooling and future life
Priority 4	Enhance the personal development and wellbeing of our children by continuing to develop our PSHE, Student Leadership, lunchtime and extra-curricular offers
Priority 5	Develop our Early Years Foundation Stage to ensure that Reception outcomes continue to rise and provide our children the very best start for their schooling
Priority 6	Develop our approach to the curriculum so that the quality assurance and children's experiences have an impact on all pupils gaining detailed knowledge and skills across the curriculum.
Priority 7	Strengthen and embed the relationship we have with our community to benefit all children
Priority 8	Ensure that our attendance rates continue to improve and the rates of children with persistent absence continue to decrease
Priority 9	Develop our strategic plans for the development and success of the school into the future
